A LIVELY HARBOUR AFTER DARK NIGHT MARKET OPENS EXTRA DAYS

Victoria, British Columbia: Ship Point will be busier after sunset this summer as the Night Market opens Thursday evenings for the first time.

The market's eclectic mix of vendors and entertainers captivate the interest of local residents and visitors alike, on the upland section of Ship Point. This season, close to 40 vendors will be selling their wares on the pier that stretches out into the Inner Harbour.

Ship Point's Night Market is a staple of Victoria summer evenings. A few steps from the streets of downtown, the market showcases original art created and sold by the artists themselves. Musicians will also be performing, everything from classical to rock, in an acoustic setting.

The Night Market runs from June 10 until September 17, 2011. Its wide array of music, artwork and crafts can be found at Ship Point every Thursday, Friday and Saturday evening from 7 p.m. to 10:30 p.m.
